

SR1 DEVELOPMENT LIMITED

SharePoint 2013 App Guide

360 Slideshow Admin Guide

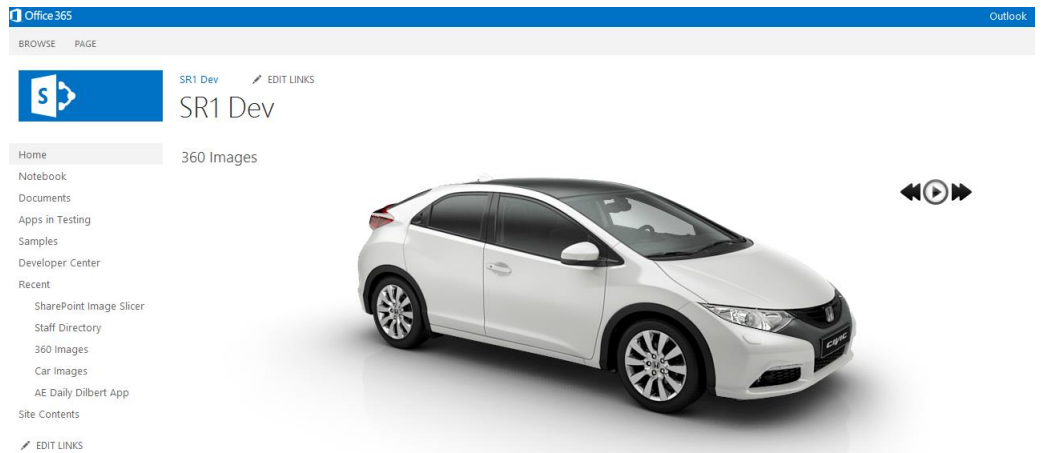

App Part

- 1) Navigate to the SharePoint site where you want to display the slideshow.
- 2) Create Picture Library (e.g. Car Images).
- 3) Upload images names 1 to X with the same extension (example images at www.srldevelopment.co.uk/assets/img/360slider/cars.zip)
- 4) Navigate back to page where you want to add slider.
- 5) Click Page – Edit – Insert – App Part. Select 360 Images App Part and select Add
- 6) Edit the App Part Properties and navigate down to Slider Properties.
- 7) Enter file extension of images.
- 8) Check to show navigation if required.
- 9) Enter the height and width of your images.
- 10) Enter Picture Library Name (e.g. *https://yoursite/Car Images/*).

11) Click OK.

12) Save page.
