SharePoint 2013 App Guide

Accordion Display Admin Guide

List Management

- 1) Navigate to the Accordion Display app site.
- 2) From here you can easily create, edit and delete multiple lists to be used in the App Part.

BROWSE

Accordion Display

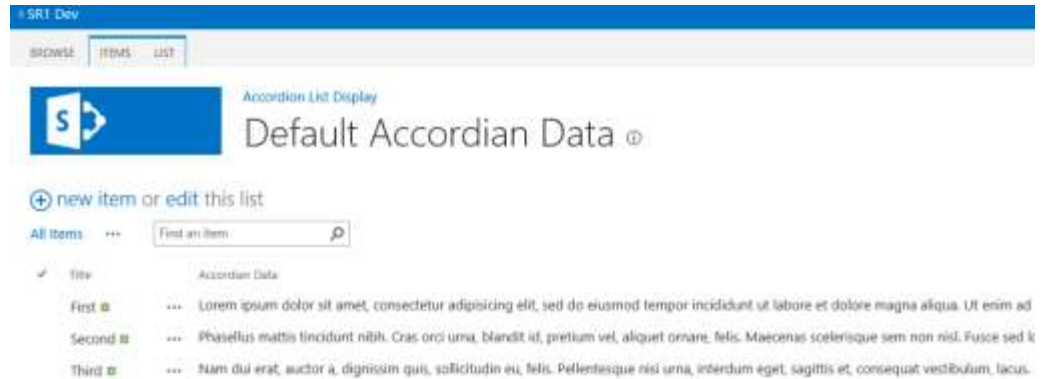

Accordion Display Admin

Use this site to manage lists to use with the Accordion Display app part.

Create Accordion List

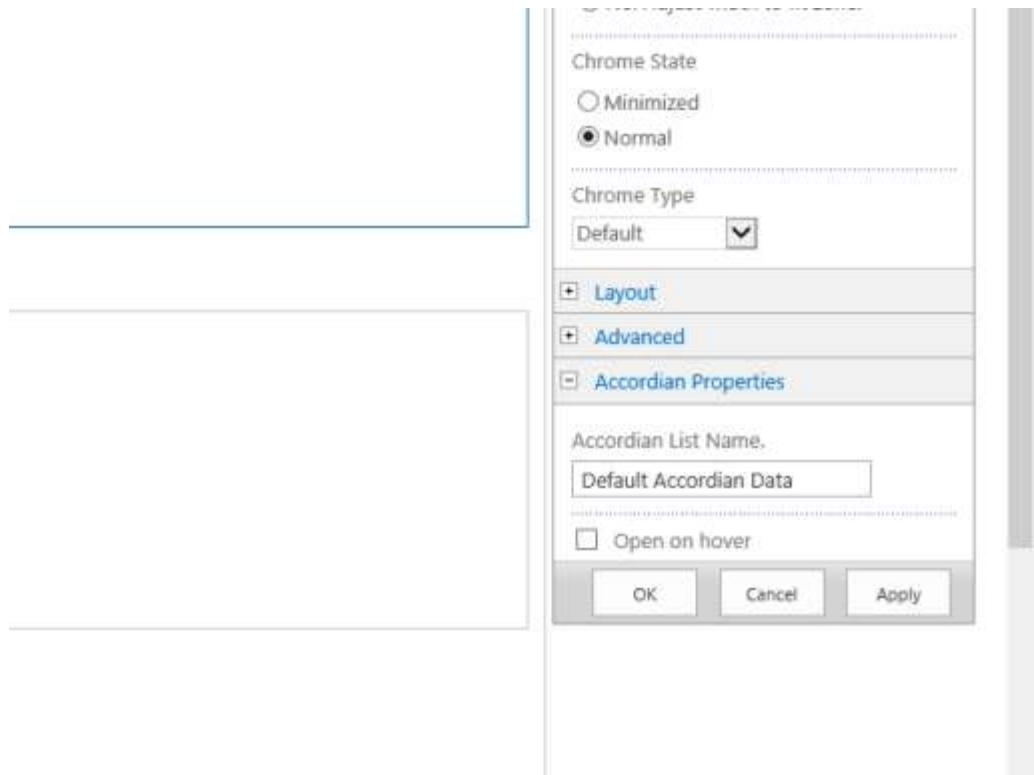

- | | |
|-------------|---------------------------------|
| Delete list | Corporate Links |
|-------------|---------------------------------|
- | | |
|-------------|-------------------------------|
| Delete list | Finance Links |
|-------------|-------------------------------|
- | | |
|-------------|-------------------------|
| Delete list | HR FAQs |
|-------------|-------------------------|
- | | |
|-------------|-------------------------|
| Delete list | IT FAQs |
|-------------|-------------------------|

- 3) Click on one of the lists, and enter the accordion title, the text to appear in the accordion, and the display order.

App Part

- 1) Navigate to the SharePoint site that you want to display the Accordion Display app part.
- 2) Click Page – Edit – Insert – App Part. Select Accordion Display App Part and select Add
- 3) Edit the App Part Properties and navigate down to Accordion Properties.
- 4) Enter the list you want to point to that you created in the list management (e.g. Default Accordion Data).
- 5) Select whether to open the accordion on mouse hover.
- 6) Select whether to open the first accordion on load.

- 7) Click OK.
- 8) Save page, and your accordion will display.
